**CALL FOR PAPERS: PATKAI JOURNAL OF
MULTI-DISCIPLINARY STUDIES**

Patkai Journal of Multi-disciplinary Studies, a peer-reviewed annual multi-disciplinary research journal with ISSN number, invites papers for the forthcoming Annual Journal to be published by the end of the Academic session 2021-2022. The objective of the Journal is to publish research works in the fields of Humanities, Social Sciences, Commerce and Sciences. The Journal aims to capture the dynamics in such fields through scientific academic enquiry involving theory, experimentation, practice, and methodology. Henceforth, contributors are encouraged to submit original research papers that reflect critical thinking, wherein interdisciplinary approaches might be employed.

This year's issue will be based on the theme "Re-imagining Education". The prevailing pandemic has led to a paradigm shift in educational pedagogy and to a "New Normal" in the execution of the teaching-learning process. The fast paced progress in the field of education can be observed at all levels. Most importantly, the latest development is the National Education Policy 2020 (NEP 2020) aiming to pave the way for transformational reforms in the educational systems of the country. One of the main objectives of this Annual Journal is to let contributors investigate the areas where NEP 2020 has proposed action, contributors may explore on the salient features of the issues, principles, aims, vision, challenges, weaknesses, and solutions.

Patkai Christian College (Autonomous) firmly believes in the Holistic approach towards education. The Vision of the College is to impart quality education to the young people, especially the tribals, within the framework of spiritual and moral absolutes, catering to the socio-economic needs of the region, and the pursuit of science and technology for the welfare of the human society. Keeping in mind the multi-disciplinary nature of the Journal, invitation is extended to topics of research in the Social Sciences and Humanities, Commerce, and Sciences.

Some of the topics we would like to take into considerations are listed below. Contributions may include these aspects but need not be restricted to them:

1. National Education Policy, 2020 (NEP 2020): Holistic, Multidisciplinary, and Futuristic Aspects.
2. New Education Policy 2020: The Way of the Future?
3. Research papers on Commerce, Economics, Education, English, History, Mass Communication, Philosophy, Political Science, Computer Science, Environmental Science, Botany, Chemistry, Geology, Mathematics, Physics, and Zoology.
