

Patkai Christian College (Autonomous)

Programme Outcomes, Programme Specific Outcomes and Course Outcomes

2015 - 2016

Patkai Christian College as an Autonomous institution fine-tunes its programmes in line with the commitment of the college which aims at the holistic development of the students. The syllabus of the institution accommodates academic interests of globally relevant, regional and local oriented courses. The college runs 19 full-time programmes. The entire programmes of studies and course structure approved by the Academic Council are uploaded in the college website.

Every batch of students is given special orientation on the various programmes of studies and the course structure with regard to inter-disciplinary courses, generic elective courses, elective skill courses, soft skill courses, etc.

Keeping in view the desired programme outcomes and course outcomes, the college follows a rigid teaching-evaluation structure whereby each faculty and each student is assigned specific and time-bound academic responsibilities.

EXAMINATION SYSTEM

Students are assessed for a total of 100 marks for each course; the mark distribution is broadly divided into two categories: 30 marks for Continuous Internal Assessment (CIA) and 70 marks for End-Semester Examinations (ESE). Numerical marks are converted to grades A, B, C, and D using a ten-point scale.

Continuous Internal Assessment (CIA)

For each 6-credit course, as CIA component, students write centrally conducted 45-minute-internal examination for 10 marks; assignment/tutorial for 10 marks and class/oral presentation on a given topic for 10 marks. There is repeat/improvement examination for those who either missed out due to certain reasons and for those who would like to improve their scores in the examinations.

Each student is shown evaluated examination scripts and the scores along with remarks/comment of the course teacher.

Each course teacher keeps a record of the performance and scores of each student and submits to the examination section and also to the Academic Dean through the respective Head of Department.

End-Semester Examinations (ESE)

Three-hour End-Semester Examinations are conducted for 70 marks for all 6-credit courses, and 2-hour examinations 50 marks for 2-credit courses. Each course is evaluated by the respective course teacher of the department.

Each faculty is involved in question setting and evaluation of the examination scripts. All end-semester examination questions for each course go through a strict and stringent process of moderation by the Question Moderation Board of each department.

The 3-hour End-Semester Examinations, and the internal examinations, are conducted as per the routine set by the Controller of Examinations.

Involvement of External Faculty/Subject Experts

Subject experts approved by the Academic Council of the college are engaged at different stages of the teaching-evaluation process:

- (i) as members in the Board of Studies;
- (ii) as question setters for end-semester examinations;
- (iii) as question moderators; and
- (iv) as examination script evaluators

In certain cases, examination scripts are sent for a neutral third party evaluation.

Result Declaration

All examinations results are declared as per the academic calendar of the college. All examination-related matters including results are uploaded on the college website. Should there be any grievances on the part of the students, they are given opportunity for re-evaluation and re-scrutiny of their examination scripts as per the rules of the laid down by the college.

The syllabi and examination system have been fine-tuned every three years so as to meet the desired programme and course outcomes. The college is satisfied in seeing the desired programme and course outcomes in most of the students. This is reflected, in part, in the pass percentage and student progression in higher academic pursuits and career opportunities.
