

PATKAI CHRISTIAN COLLEGE (AUTONOMOUS)

Chümoukedima-Seithekema, B.P.O. Patkai- 797103, Dimapur, Nagaland

Affiliated to the Nagaland University

Recognised by UGC under 2F & 12B of the UGC Act 1956 in 1988

NAAC Re-accreditation: 'A' Grade

A College with Potential for Excellence // A Post-Graduate College

The Institutional Strategic/ Perspective Plan of the College

Curriculum Development

Patkai Christian College has been committed to fostering a dynamic academic environment that aligns with national educational frameworks and global best practices. In 2016, the institution implemented the Choice-Based Credit System (CBCS) at the undergraduate level, in accordance with the University Grants Commission (UGC) mandate. This system allows students greater flexibility in choosing courses while ensuring a well-rounded education. To maintain academic rigor and relevance, the syllabi for all programs undergo systematic reviews and updates every three years.

Further, in response to the National Education Policy (NEP) 2020, the college is set to introduce a restructured curriculum from the 2024-2025 academic session. This transition entails a comprehensive revision of syllabi, ensuring that the curriculum remains contemporary, multidisciplinary, and aligned with emerging educational and professional demands.

Teaching and Learning

To uphold academic excellence, each department prepares a department-specific academic calendar every semester. This is done under the supervision of the Academic Dean, ensuring that teaching schedules, assessments, and co-curricular engagements are planned systematically. Faculty members are encouraged to incorporate innovative pedagogical approaches, including experiential learning, blended teaching methods, and digital tools to enhance student engagement and comprehension.

Examination and Evaluation

The college follows a structured evaluation framework comprising two key components: Continuous Internal Assessment (CIA) and End-Semester Examinations (ESE). CIA encompasses regular assignments, class tests, presentations, and other formative assessments, ensuring that students engage with their coursework consistently. The ESE serves as a summative evaluation of students' learning at the end of each semester. Additionally, co-curricular activities form an integral part of the assessment system, with mandatory student participation fostering holistic development beyond academics.

Research and Development

The college actively promotes a culture of research and academic inquiry. The Research Committee plays a pivotal role in fostering scholarly engagement through research initiatives, symposiums, and consultancy services. Faculty members and students are encouraged to contribute to academic literature through publications and collaborative research projects. Recognizing the importance of intellectual property, the college established an Intellectual Property Rights (IPR) Cell in 2018, which provides guidance on patenting, copyrights, and other related matters.

Library, ICT, and Physical Infrastructure/Instrumentation

Technological integration remains a cornerstone of institutional development at Patkai Christian College. The college employs an Enterprise Resource Planning (ERP) system for administrative

and academic interactions with students, faculty, parents, and other stakeholders. The Central Library, which serves as a vital academic resource hub, also utilizes a Management Information System (MIS) to streamline its operations, ensuring seamless access to digital and physical resources. Additionally, the institution continues to enhance its physical infrastructure to accommodate evolving academic and research needs.

Human Resource Management

The college values its human resources as a driving force behind institutional growth and development. With a workforce of over 200 employees, the institution ensures continuous professional development for faculty and staff. Faculty members participate in UGC-mandated orientation, refresher courses, and specialized training programs to stay abreast of advancements in their respective fields. Administrative and support staff also engage in capacity-building workshops, seminars, and training sessions to enhance their skills and professional competencies.

Through strategic curriculum development, innovative teaching methodologies, robust evaluation mechanisms, research promotion, technological advancement, and human resource development, Patkai Christian College remains steadfast in its commitment to academic excellence and holistic education. The institution continues to evolve in response to national and global educational imperatives, ensuring that its students are well-equipped for the challenges of the future.
