

PATKAI CHRISTIAN COLLEGE (AUTONOMOUS)

Chümoukedima- Seithekema B.P.O Patkai-797 103,

Chümoukedima District, Nagaland, India

Affiliated to Nagaland University

NAAC Accreditation: Grade B⁺⁺ (4th Cycle)

“A College with potential for Excellence” // A Post-graduate College

Name of the Activity	Workshop on research proposal writing and funding strategies
Date	13 th November 2024
Venue	Library/ conference hall/ field location etc.
Organised by	DBT Star College Project Team, PCC (A)
Participated by	All Science Faculty, Staff and Students 220 Attended

Overview of the Workshop

The session begins with words of appreciation from the college Principal Dr. Thepfüvilie Pieru. He thanked the resource person Dr. Mechuselie Kehie for his presence and congratulated Dr. Kensibo Pamai and his team for organizing such kind of workshop in the college. He also acknowledges the DBT for the funds provided towards the development of the science students and the college in general.

Abstract of the Technical Session -I: How to write a good research proposal.

Research is a systematic process of gathering, analysing, and interpreting data to create new knowledge or use existing knowledge in new ways. Research is basically categorised into four categories i. Basics ii. Applied iii. Descriptive iv. Analytical Research. Research proposal writing is crucial to secure a research project. A research proposal is a structured document that outlines what you plan to research, why it is important, and how you will accomplish it. The purpose of research proposal is to convince readers that your project is significant, feasible, and worth funding or support. The core elements of a research proposal generally include; title, abstract, introduction, literature review, objectives, methodology, significance of the study, expected outcome, timeline, budget, references/bibliography.

DBT-SPONSORED WORKSHOP ON RESEARCH PROPOSAL WRITING AND FUNDING STRATEGIES

📅 13th November, 2024 ⌚ 11:00 AM 📍 Bundrock Chapel-Auditorium, PCC (A)

Organized by:
DBT STAR COLLEGE PROJECT TEAM
Patil Christian College (Autonomous)
Chimoukedima- Saithskema

Resource Person:
Dr. MECHÜSELIE KEHIE
Chairman, Sustainable Development Research Centre
Chimoukedima, Nagaland

About the Resource Person:
Dr. Mechüselie Kehie received his B.Sc. and M.Sc. in Biotechnology from Bangalore University and earned his Ph.D. in Botany, specializing in Plant Biotechnology, from North-Eastern Hill University in 2013. He has been awarded several prestigious fellowships, including the DBT Research Associateship, National Overseas Scholarship, DST-SERB Start Up Research Grant for Young Scientists, UGC Postdoctoral Fellowship, and Firebird Fellowship (USA).
Dr. Kehie has edited one book and authored over 25 scientific research papers published in reputable national and international journals and books, which were widely cited. He has successfully completed three major research projects as Principal Investigator and is currently leading another ongoing project. Additionally, he serves as a consultant for various research and development, and sustainable livelihood projects.
In 2017, Dr. Kehie founded the Sustainable Development Research Centre, an NGO based in Chimoukedima, Nagaland, which serves as an implementing agency for sustainable livelihood projects under NERCORMS (NEC) and DST, as well as cluster development projects under MSME, among others. In 2024, he co-founded Tenyimi Agrolim Pvt Ltd, a start-up company focused on agro-related businesses.
Dr. Kehie has over a decade of post-Ph.D. experience. His areas of interest include Biotechnology, Plant Tissue Culture, Molecular Phylogenetics, Organic Farming, Traditional Ecological Knowledge, and Sustainable Development.

Technical Session-I
'RESEARCH PROPOSAL WRITING'

Tea Break

Technical Session-II
'RESEARCH FUNDING STRATEGIES'

Question and Answer Session

Closing Remark
Refreshment

Abstract of the Technical Session -II: How to secure research funding

The importance of research funding is for advancement of knowledge, enhancing research capabilities, economic and societal benefits. Some of the steps to apply for research funding are;

1. Identify the Appropriate Funding Agency: Choose a funding body aligned with your research area.
2. Understand the Guidelines: Study the eligibility criteria, funding amount, duration, and focus areas
3. Prepare Your Proposal
4. Submit Online Application: Use portals like the DST and DBT portals for online submission.
5. Follow Up: Track the status of your application after submission.

There are several funding sources hence it's important to Identify potential funders such as Government Agencies, Private Sector Funding, Non-Profit Organizations and Foundations. There are several types of Grants such as research grant, international grant, infrastructure grant, fellowship grant, seminar workshop grants etc.
