Meeting Minutes the Board of Studies, Department of Botany

The meeting of the Board of Studies (BoS) of Botany department was conducted on 07/06/2022 in NAAC room, Administrative Block, to review the syllabus of undergraduate programme and frame the syllabus of post graduate programme.

The members had thorough deliberations on various issues related to the course of revised UGC recommended - Choice Based Credit System in Under Graduate and Post Graduate syllabus.

The HoD chaired the meeting.

The programme started with the introduction of the members present, followed by an opening prayer by Mrs AvonoSavinoa senior faculty of the department.

Members present include;

External members:

- Dr. Neizo Puro, Prof. Department of Botany, Nagaland University, Lumami
- Dr. Lirola Sangtam Asst. Prof. Department of Botany. St Joseph University
- Dr. Azeze Seyie, Scientist, ICAR Medziphema-a representative from allied sector
- Dr. Neilazonuo Khruomo, Asst. Prof. Model Christian College Kohima-an alumni representative

Internal members:

- Mrs. AvonoSavino, Asst. Prof.
- Dr. N. Premkumar Singh, Asst. Prof.
- Dr. Reingamla Tetso, Asst. Prof.
- Dr. Thejanuo Rhetso Asst. Prof.
- Mr. Amay Angami, (Chairperson), Asst. Prof.

Undergraduate Programme

The undergraduate syllabus is based on the UGC recommended - Choice Based Credit System (CBCS). There were no major changes made in the syllabus. All members present had thorough deliberation on various issues related to the courses in Under Graduate syllabus.

Following changes was recommended in the UG syllabus

1. Rearrangement of topics
2. Addition of species in practical paper of Economic Botany

Principal

Chümoukedima, Nagaland

3. Bamboo & Cane with special emphasis to Nagaland
4. Biomolecules and Cell biology to follow as per given CBCS syllabus

Postgraduate programme

The chairman introduced the drafted postgraduate syllabus to the members present.

The drafted syllabus was based on and with reference to the syllabus of various reputed colleges and Universities.

The members deliberated on the credits allotted for each paper and discussed on the semester system to be followed. The course in each semester is evenly distributed over the four semesters and shall comprise of 24 credits each with a total of 96 credits for the whole programme.

Students will compulsory undertake a dissertation in the 4th semester which will carry 6 credits. The Dissertation and viva-voce/presentation will carry 4 and 2 credits respectively.

The draft syllabus was discussed in detail and necessary input from different experts' suggestion was incorporated. Minor changes in course title and recombination of papers, addition of topics, etc. was made to the earlier prepared draft.

Expert Recommendation

1. To collaborate and have MoU with institutions and universities.
2. Revisit skill enhancement courses.
3. To introduce spawn production in Mushroom Culture Technology.
4. Broad topics should be given for dissertation.
5. Recommendation to reorganize the syllabus and start with subject specific courses and progress to other inter discipline subjects.

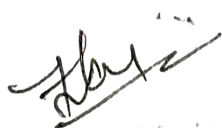

The BoS meeting was very productive and successfully conducted.

The meeting concluded with prayer by Dr. Neizo Puro.
